Why Neumo...?

NEUMO opens the door to 1800 tonnes of Stainless Steel products.

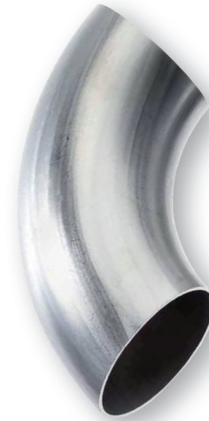

Our comprehensive stock range is carefully chosen to ensure NEUMO UK Ltd. can be your complete Stainless Steel logistics partner, designed specifically to satisfy the demands from the following industries:

- Wastewater, Water Treatment and Effluent
 - Anaerobic Digestion and Biogas
 - Process Pipework and Fabrication
 - Food, Beverage and Dairy
 - Chemical
 - Pharmaceutical
 - Oil and Gas
 - Shop Fitting and Architectural
- ... and many more that use our Stainless Steel product range.

With no minimum order level, customers have access to an unprecedented range of Tubular, Pipe, Bars and Sheet stock. Additionally, in excess of 6500 stock items of Fittings, Flanges and Valves are also available.

From stock held in Telford, Germany and Denmark we are sure we can meet your demands with service and quality at the very forefront of everything we offer.

Our dedicated and specialist sales team can be contacted directly as listed.

Metric Fitting

Metric Flanges

Industrial Range

Metric Tube

Type	Dimensions	Specifications	Qualities
Metric Tube	50 mm I/D - 500 mm I/D	Welded tubes, EN 10217-7, TC1	304L/316L
		not annealed	
		Tol EN ISO 1127 D2/T2	

Metric Fittings

Type	Dimensions	Specifications	Qualities
Metric Fittings	50 mm I/D - 500 mm I/D	Bends - 1,5 d, D+100	304L/316L
		Tees - Press, Pulled	
		Reducers - Ecc, Con	
		End Caps	
		Collars	

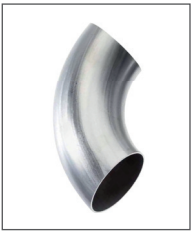

Metric Flanges

Type	Dimensions	Specifications	Qualities
Metric Flanges	50 mm I/D - 500 mm I/D	PN10 / PN16 Reduced thickness	Mild Steel Zinc Plate
		Plate BS T "D"	Mild Steel Scotchkote P.P.A Grey

ANSI Welded Pipe

Type	Dimensions	Specifications	Qualities
ANSI Welded Pipe	½" - 8" Nominal bore	ASTM A312	304L/316L
	Schedule 10s	ANSI 36.19	
	Schedule 40s	Welded	

ANSI Welded Fittings

Type	Dimensions	Specifications	Qualities
ANSI Welded Fittings	½" - 8" Nominal bore	Bends	304L/316L
	Schedule 10s	Tees	
	Schedule 40s	Reducers	
		End Caps	
		ASTM A403, dims. to	
		ANSI B16.9	

Ball Valves

Type	Dimensions	Specifications	Qualities
Ball Valves	¼" - 3"	2 PCE, BSPT Ends - Full Bore	316
		3 PCE, BSPT Ends - Full Bore	
		3 PCE, WELD - Full Bore	

ISO Tube

Type	Dimensions	Specifications	Qualities
ISO Tube	60,3 mm o/d – 323,9 mm o/d	Welded tubes EN 10217-7 TC1	304L/316L
	1,6 mm – 3,0 mm wall thickness	acid proof not annealed, pickled	
		Tol. EN ISO 1127 D2 / T3	

ISO Fittings

Type	Dimensions	Specifications	Qualities
ISO Fittings	60,3 mm o/d – 323,9 mm o/d	Bends - 90° Tees - Pulled	316L/304L
	1,6 mm – 3,0 mm wall thickness	Reducers - Ecc / Con Pickled Finish	

Ornamental Tube

Type	Dimensions	Specifications	Qualities
Ornamental Tube	½" o/d - 2" o/d	Welded ornamental tubes ASTM A554/98	304/316
	1,5 / 2,0 / 3,0 mm wall thickness	Bright Polish 600 grit Dull Polish 320 grit	

Threaded Fittings

Type	Type	Specifications	Qualities
Nipples	Hose Adaptors	Threaded Fittings	316
Hex Nipples	Hex Plugs	BSP 150 lb	
Barrel Nipples	Square Plugs	BSP / NPT and Socket	
Welding Nipples	Caps	Weld High Pressure	
Sockets	Unions	3000 lb / 6000 lb	
Reducing Sockets	Tee Pieces		
Hex Reducers	90 deg Elbows		
Hex Nuts	45 deg Elbows		

Box Tubes

Type	Dimensions	Specifications	Qualities
Square and Rectangular Decorative and Structural Tubes	15 x 15 x 1,0 mm up to 200 x 200 x 5,0 mm	Square and Rectangular welded Tubes	304/316/430

Tube

Type	Dimensions	Specifications	Qualities
Handrail / Balustrade Tube	42,4 mm o/d x 2,0 mm	Welded Tubes	304/316
	42,4 mm o/d x 2,5 mm	Dull Polish 240 grit	
	48,3 mm o/d x 2,0 mm	Dull Polish 320 grit	
	48,3 mm o/d x 2,5 mm		

Flat product

Type	Dimensions	Specifications	Qualities
Cold Rolled Sheet	Width	Cold rolled sheets acid proof annealed and pickled EN ISO 9445 EN 10088-2 / EN 10028-7 Dull Polish 240 grit 2B	304L/316L
	1000 / 1250 / 1500 / 2000		
	Length		
	2000 / 2500 / 3000 / 4000		
	thickness		
	0,71 mm - 8 mm		

Long products

Type	Dimensions	Specifications	Qualities
Round Bars	Dia Bar 3 mm - 500 mm	Most type and tolerances	303/304/316
Flat Bars	Flat Bar 3 mm - 12 mm	Slit and Edge rolled	304L/316L
Angle Bars	Angle 15 mm - 100 mm	Annealed and Pickled	304/316L
